

ILLUSIONS LOST

VISITS TO HOUSES OF CONGRESS PROVE DISAPPOINTING TO MRS. JONES

To the up-to-date modern woman a visit to the Houses of Congress in Washington is a shock and disappointment. Especially is this true if she has for some time been a voter with the realized responsibilities of citizenship and if she is experienced in parliamentary law.

Mrs. Mattison B. Jones is a woman of that type and it was decidedly entertaining to hear her comments on our National legislature and its masterly genius for delaying the transaction of business. While the husband was busy in the Federal court at Washington she visited the House and Senate and in telling of what she saw there she said:

"We have too many there who are old fossils and too many who are just windmills that saw the air. The men who are really trying to do something have them to contend with. The Senate as well as the House needs weeding out. I met one man who had been in Congress for forty years. He was so deaf he could scarcely hear a word said to him. I think there should be an age limit from the President down, because while some of these elderly men may be well preserved they are not meeting the requirements. We need vim, life and backbone, not men who are so palsied they cannot rise from their seats without assistance. Some not physically helpless are bent on playing politics. When you sit there and see time wasted as they waste it, it makes you very indignant."

Another illusion destroyed for Mrs. Jones concerned the stores of New York. Said she:

"I had always heard so much about what a wonderful place New York was to shop, but I found the stores not a bit better than those of Los Angeles. Tiffany's jewelry establishment is wonderful, but the stores in general are not superior to ours."

A FULL THANKSGIVING DAY

The plans for Thanksgiving in the home of Mattison B. Jones on North Central avenue provided for a full day. Miss Winifred Jones, daughter of the house, is entertaining her room-mate at the University of Redlands, Miss Neta Kilby, for the Thanksgiving vacation and in honor of the two girls there was a small mid-day dinner party at which two officers from the "New Mexico," members of the staff of Admiral Rodman, were guests. After the dinner the young people took in the football game between Stanford and U. S. C. and a theatre party at the Mason Opera House completed the evening. Miss Kilby, whose home is in Coalinga, took up Red Cross nursing during the war and served for a year in the army hospitals at San Diego.

WORLEYS GLAD TO BE HOME

Mr. and Mrs. W. W. Worley, who returned recently, are now as well settled down in their home at 525 North Kenwood as though they had not been away for nearly three months. They left here on the 10th of August and were satisfied to turn their faces westward when they started for home because the weather was beginning to be quite unpleasant. While it was primarily a business trip they managed to sandwich in a good deal of pleasure on the side in the way of sight-seeing. With this thought in mind they went to Seattle and across the continent by the northern route, and came back by way of the Grand Canyon. Their long stops were chiefly in Missouri, Illinois and Iowa. For their Thanksgiving celebration they joined a party of friends which included Dr. and Mrs. Frank Staley, Dr. and Mrs. John Eames and had dinner at the "Mary Louise" in the Brack Shops Building. Tuesday night they accompanied Mr. and Mrs. H. P. Goodwin, Misses MacDonald and Wood and Miss Lucile Tholen to Los Angeles to hear Sousa's Band.

CHANGE FOR MR. AND MRS. W. M. KIMBALL

Mr. and Mrs. W. M. Kimball have sold their home at 203 West Maple street to Mr. Gillam and are building a Colonial bungalow on Lexington Drive, between Central and Columbus. They expect to have their new home finished by March 1st. As they were unable to find a place to stop in Glendale, they will be at the Southland Hotel, corner Flower and Sixth street, Los Angeles, for about a month by which time they hope to have secured a house in Glendale.

GIVEN GODSPEED

FAREWELL FUNCTIONS FOR MESSRS. AND MESDAMES F. ASHTON AND WILL HILLMAN

There is great regret among residents of the southern part of the city and particularly among members of the Tropico Presbyterian Church over the impending departure of Mr. and Mrs. Frank Ashton and Mr. and Mrs. Will Hillman and family. The Hillmans are leaving probably the last of next week for their ranch at Tulare. The Ashtons have sold their home here and expect to take a series of automobile tours before deciding where they will locate.

Mr. and Mrs. Ashton were guests of honor at a dinner party given within the week by Miss Harriet Myers at her home on Central avenue at which covers were laid for Rev. and Mrs. O. P. Rider, Dr. A. M. Duncan, Miss Ida Myers, Mr. and Mrs. H. W. Myers, the guests of honor, Mr. and Mrs. Frank Ashton, and the hostess, Miss Harriet Myers.

Last Monday evening the Ashtons and Hillmans were honored at a dinner served in the church parlors, given by officers and teachers of the Sunday School at which covers were laid for about forty. A teachers' meeting followed the dinner and at 8:30 an informal reception attended by about one hundred church members was given to afford their many friends an opportunity to say goodbye. A very nice program was enjoyed, which included piano solos by Frank Newell, organist of the church, vocal solo by Miss Leta St. Clair, brief speeches by Mrs. S. E. Brown and Sam Brown, voicing the regret of the men and women of the church in the loss of these valued members and songs by a men's quartette, made up of Messrs. F. C. Richardson, L. E. Richardson, Dr. Harry St. Clair and Edgar Fry. All joined in the singing of "God Be with You Till We Meet Again" at the close of the program. Light refreshments were then served, and Mrs. Hillman was presented with a set of miniature garden tools in recognition of her new agricultural pursuits, while Mr. Ashton received a drinking cup to be used on the automobile trips she will soon be taking.

THANKSGIVING AT DUNCAN HOME

At the home of Dr. A. M. Duncan on South San Fernando Road a family dinner party was enjoyed on Thanksgiving Day, which had special significance because Mr. and Mrs. Will Hillman and their little sons, Eugene and Dick, will be leaving in the course of a week for their new ranch home at Tulare. Mr. Hillman, who has been taking a special agricultural course at the Davis School of Agriculture, returned from there within the week to rejoin his family and make preparations for moving to Tulare. Covers were also laid at the Thanksgiving dinner for the bride and groom, Mr. and Mrs. John P. Cate, Mr. and Mrs. H. W. Myers, Miss Ida Myers, Miss Harriet Myers, Carol Duncan, and the host, Dr. A. M. Duncan.

BIG FAMILY DINNER PARTY

Mr. and Mrs. Warren Roberts of 539 East Elk street were host and hostess at a big Thanksgiving dinner party at which covers were laid for thirty-eight, representing one family in Los Angeles, five in Long Beach and the Glendale relatives, the list including Mr. and Mrs. C. S. Archer, Mr. and Mrs. George Scott, Mr. and Mrs. Charles D. Peck, Mr. and Mrs. Thomas Archer, Mrs. Bennett, Leslie, Cecil and Howard Bennett, Clifford Archer of Seattle. Two long tables were spread in the dining room and another table in the breakfast room. Roses were used for the decoration of the attractive board. Following the dinner there was an informal social afternoon of music and conversation. An event of the day was the presentation to Mrs. C. S. Archer of a beautiful white ivory toilet set.

FRATERNITY DINNER

Those pledged to join the Theta Tau Alpha Fraternity of U. S. C. entertained the members of the fraternity and the alumni, with a four-course dinner Monday evening in the Sorority Hall. Martha Ray and Margaret Lusby were in charge of the dinner. The decorations were of a Thanksgiving nature, centerpiece on table was pumpkin with a kewpie on top, and small turkeys around table. Members of the fraternity who were present from Glendale were Eunice Peart, Helen Kalliwoda. A very interesting program was given after the dinner.

BOLSHEVISTS PLAN "RED CHRISTMAS"

GOVERNMENT WARNED OF PLOTS TO SEND INFERNAL MACHINES TO OFFICIALS DURING HOLIDAY RUSH

(Special Service to Glendale Evening News)
WASHINGTON, Nov. 28.—The government today took steps to frustrate suspected plots for a "Red Christmas" which, it was feared, the Bolsheviks have been planning.

Public officials in many parts of the country have been warned to look out for bombs among their Christmas packages. Arrangements have been made to watch closely for explosives in the post offices, throughout the Christmas rush, and express companies also have arranged to take precautions.

Recent information to the department of justice is the basis for suspicion that the "Reds" are planning another dynamite outrage during the holidays by mixing infernal machines with the Christmas mail.

NO DAMAGE TO ORANGES

MOISTURE PROTECTS FRUIT; TEMPERATURE OF 24 IS RECORDED AT SANTA ANA

(Special Service to Glendale Evening News)
LOS ANGELES, Nov. 28.—Reports from all of the orange growing regions today showed that no damage was done by the cold weather of last night. Smudging was not resorted to generally. Smudging was resorted to in the lemon groves of Ontario and Pomona and it was practiced to a considerable extent around Riverside. The lowest temperature recorded was at Santa Ana where the thermometer dropped to 24 for a brief period just before dawn.

The growers say that their groves were protected by the dampness and by the fact that the coldest part of the night came just before dawn and that the sun rose bright and warm.

CARRANZA GOVERNMENT TOPPLING

SO SAYS REPORTS REACHING BROWNSVILLE; NOT CREDITED AT LOS ANGELES CONSULATE

(Special Service to Glendale Evening News)
BROWNSVILLE, Tex., Nov. 28.—Reports which have reached here say that forces under General Obregon are fighting in the City of Mexico against Carranza troops under General Gonzales. The reports said that Carranza himself had fled the city and had taken refuge in a town forty miles northwest of the capital.

The reports declared that Carranza's supporters fear his fall is only a matter of hours.

LOS ANGELES, Nov. 28.—The Mexican Consulate in Los Angeles was today without any information as to reports of the impending overthrow of the Carranza government by forces under General Obregon. The consulate expressed the belief that the report is untrue.

NEW NOTE TO MEXICO

U. S. GOVERNMENT DEMANDS EVIDENCE ON WHICH THE CHARGES AGAINST CONSUL JENKINS ARE BASED

(Special Service to Glendale Evening News)
WASHINGTON, Nov. 28.—A new note demanding details of the charges against American Consular Agent Jenkins, will be sent to the Mexican government before night, the state department announced today. This note will demand that the evidence on which Mexico bases its charges against Jenkins be turned over to the United States government. No formal decision as to what action the United States will take will be made until the answer to this new note is received. That probably will take several days.

The official text of the Mexican reply to the American note as given out by the state department reveals that Mexico is charging Jenkins with falsifying judicial statements and not with conspiring with his kidnappers.

The note declared his arrest is entirely justified and charges that American action, under the circumstances has been without precedent.

ENEMY WARSHIPS TO BE SUNK

DISTRIBUTION OF DOCKS AND MATERIALS REQUIRED OF GERMANY IS UNDER CONSIDERATION

(Special Service to Glendale Evening News)
PARIS, Nov. 28.—The Supreme Council has ordered enemy warships excepting those which were given to France and Italy as compensation for war losses, to be destroyed. The Council is now considering the distribution of the docks and materials which Germany must give the allies as compensation for sinking the German fleet.

LADY ASTOR ELECTED TO PARLIAMENT

(Special Service to Glendale Evening News)
PLYMOUTH, Eng., Nov. 28.—It was officially announced here today that Lady Astor had been elected to parliament by a majority of 1064.

SIGHT-SEEING TOUR

NAT BRYDONS MAKE CIRCUIT OF U. S. AND RETURN SATISFIED WITH CALIFORNIA

Mr. and Mrs. Nat Brydon have returned within the past week from a wonderful sight-seeing tour in which they practically circled the United States. They left here September 8th for the north by the Coast route, going to Vancouver, from whence they crossed the continent by the Canadian Pacific to Montreal. During this journey Lake Louise in the Canadian Rockies impressed Mr. Brydon as the most beautiful and wonderful thing they saw. Their stay in the land of the Maple Leaf was brief, but they found the Canadians very delightful people, quite like those on this side of the line. From Montreal they journeyed to Quebec, thence to Boston, New York, Washington, Cincinnati, Nashville, Tenn., St. Louis and Montgomery, Mo., back to Nashville on to New Orleans, and then west to Los Angeles. It was a sight-seeing trip for pleasure and was their first return to the east in thirteen years. They came to Southern California from St. Louis in 1887 when Los Angeles had a population of about 20,000 and was but little bigger than Glendale is now. In spite of their enjoyment of the trip they are delighted to get home and are confirmed in their preference for California, especially Los Angeles county.

BIG DINNER AT ROBINSON HOME

Mr. and Mrs. Hearn Robinson and Mr. and Mrs. W. S. Miller were hosts and hostesses at a real old-fashioned Tennessee dinner of turkey and all the "fixins" on Thanksgiving Day. Their table was centered with red roses and ferns and other appointments made it a very pretty board. Covers were laid for the parents of Mrs. Robinson, Mr. and Mrs. Louis Marshall, and their daughters, Henrietta and Regina, for Mr. and Mrs. G. E. Alexander and their children, Dorance, G. E. and Lester Alexander, Leo Cypher and the hosts and hostesses. The party remained for the afternoon, for supper and for the evening, which was enlivened with much music, in which violin, piano and saxophone figured.

BOY SCOUT NEWS

Quite a delegation from Boy Scout troops of Glendale is likely to accept the invitation of the Los Angeles Scout Council to join in a three-days' camping trip which it is arranging to go up into the Sierra Madre Mountains in the snows around Switzer's camp. The date is set during the Christmas vacation and the start is to be made from the Normal Hill Center at 8 a. m. on the 16th. Mountain hikes from the camp and other activities are planned for the excursion.

Boys of Central Avenue Troop under Scout Master Kellogg will enjoy a week-end camping experience at Camp Letts in the Hollywood Hills.

FAMILY REUNION IN TEXAS

Blake Franklin spent last Sunday at Dallas, Texas, where there was quite a family reunion in honor of his coming as Mr. and Mrs. Charles Robbins are now living there as are also Mr. and Mrs. Harry Franklin and Mr. and Mrs. Franklin Head. He was not able to get home in time for Thanksgiving and his wife and children went to Long Beach where they were entertained at a Thanksgiving dinner by Dr. and Mrs. O. D. Howland, uncle and aunt of Mrs. Franklin. The Howlands have been coming to California to spend the winters for five or six years.

SEVENTEENTH BIRTHDAY CELEBRATED

Mrs. G. H. Rowe entertained Thanksgiving Eve with a surprise party for her daughter, Miss Nellie Genevieve Rowe, in celebration of her seventeenth birthday. About 30 young people were present who had a gay time playing games and enjoying other diversions. Refreshments appropriate to Thanksgiving were served. One of the guests, Miss Lucille Thompson, formerly of Glendale but now of Los Angeles, remained for the week-end, and Miss Laura Lawshe, another old friend of Miss Rowe, is expected today to remain for over Sunday. While the function was not announced as a birthday party, the fact leaked out and Miss Rowe was the recipient of a number of pretty birthday remembrances.

Mr. and Mrs. G. H. Rowe also entertained at a Thanksgiving mid-day dinner, Mr. and Mrs. H. H. Lutton and Ed Lutton of Hollywood, who were old friends of theirs in Illinois.

ENTERTAIN DELAWARE GUESTS

Rev. and Mrs. R. W. Mottern of 111 East Harvard street had as Thanksgiving guests, Mr. and Mrs. Howard J. Stoner, of Wilmington, Del., formerly of Columbia, Penna., Mr. and Mrs. Paul A. Hoffman, son and daughter, and Mr. and Mrs. Daugherty and daughter of Glendale. Mr. Stoner is a cousin of Mr. Daugherty and Mrs. Mottern. Several dinners have been given in their honor. On Sunday last the Mottern and Daughertys, at the Daugherty home, had as their dinner guests, Mr. and Mrs. Stoner, Harry Pasemann of Riverside and Mr. and Mrs. Oscar Pasemann and son Herman of Long Beach. On Monday evening the Stoners and Daughertys were all entertained at the Mottern home. Thanksgiving afternoon through the interest and kindness of Rev. Mottern, the Stoners were given a most delightful auto trip through Eagle Rock, down Orange Grove avenue, Pasadena, South Pasadena, Ostrich Farm and our beautiful Forest Lawn Cemetery. The Stoners leave this morning for their home in Delaware via of New Orleans and Florida, pleased beyond description with their reception, experiences and beautiful scenes in Southern California. Webster falls in words to express their impression of Glendale and surrounding country. They will make good Glendale boosters among their eastern friends.

CHINESE IN AMERICA ARE NOT MENACING

It appears from a recent summing up that there are about 80,000 Chinese in the United States. They were rare in America when Bret Harte wrote "Plain Talk from Truthful James" for the Overland Monthly, unforgettably mentioning one of the earlier Chinese immigrants, and may again become equally rare, for it is said that nowadays three return to China for every one who comes to America. The great Chinese exodus came in the eighties, drawn by the contemporary demand for cheap labor, and at one time the number in the United States reached about 180,000. Thus, for example, China helped to build the railroads. The exodus, however, was of short duration; and the present Chinese population, which it would be safe to say many Americans think of as being composed almost exclusively of laundrymen, includes students, merchants, grocers and proprietors of restaurants. Taken all in all, the Chinese in America do not add up very seriously either as a "menace" or as a "problem."—Christian Science Monitor.

CITY PLANNING

By Wm. F. Bixby, C. E.

We are now living in a period of great altruism, people are thinking of the social relations, of the duty of man to his fellow men, of the duty of the prosperous to the less prosperous, of the duty of the intelligent to the ignorant; and those who can take care of themselves in the race of individualism are now looking for the opportunity to help, both individually and in the mass, the less fortunate.

City Planning Is the Intelligent Control and Guidance of the Entire Physical Growth and Alteration of Cities

City Planning is the exercise of such foresight as will promote the orderly and sightly development of a city and its environs along rational lines, with due regard for health, for amenity, for convenience, and for its commercial and industrial advancement. There is required the exercise of much vision and imagination upon the large problem of providing for the development of the modern city, that complex organism with its varied activities, its difficult social problems, its ugliness or its beauty, its awkwardness or its convenience, its capacity to debase or to elevate its citizens.

The making of a comprehensive plan for the future development of a city or for correcting the obvious defects of an existing plan is no work for an expert, who may be called in for a few weeks or months, and who, it is fancied, may have an inspiration which will solve all the difficulties which are apparent; it is the painstaking work of many individuals, even of successive generations, all of whom have an intense pride in their city. Comprehensive city planning can best be done by the regularly employed technical staff of the city, but the organization created for this purpose must be carefully selected. Expert advice should be consulted, and in some respects should control; architects, landscape engineers and civil engineers, who can catch the undoubted individuality of the people and express, in the plan, the pride and love of the city in its individual order and beauty.

The big broad subject of city planning embraces all things which are necessarily done to care for the growth of the city, such as providing streets, pavements, sidewalks, water supply, storm drains, sewers, parks, playgrounds, civic culture, housing regulation, and transportation facilities and regulation.

The elements of a comprehensive city plan upon which the convenience and attractiveness of a city depend may be classified under these four features:

1. **The Street System:** the general plan upon which depends transportation, sewerage, drainage and flood control and which, once established and constructed, is fastened upon the city as long as the city itself lasts.

2. **The Transportation System:** the means provided for movement of passengers and freight. Its adequacy and efficiency will be largely determined by the location and dimensions of the streets in which the transit lines are located.

3. **Public Buildings:** the location of which should receive the most

careful study in the preparation of the general plan of the city as the suitability of their sites, whether they are convenient and commanding, or awkward and unprepossessing, will depend upon the streets about them and leading to them.

4. **The Park and the Civic Center Facilities.** Facility of access to, and proper connections between, the different parks and civic centers, depending upon the street system, should be worked out in connection with the street plan. The park system can be most economically and satisfactorily established in advance of other improvements.

These four elements are the ones likely to give the town its character, to make it convenient or inconvenient, dignified or commonplace. Upon the skill and foresight exercised in providing for them will depend to a large degree the orderliness of the city's growth, and the facility with which individual and corporate activities can be carried on. Every blunder made will afford an opportunity for some one else to win applause for a plan to correct it.

The city planner usually finds a beginning has already been made which may prove either a serious handicap or an admirable nucleus for the larger plan. While in planning for the future growth of an already existing city there is a natural and commendable desire to preserve everything that is old, picturesque, and of historic interest, to do so frequently result in obstructing free movement of the business and of the traffic of the city.

Give special study and treatment: First, to the administrative; second, to the mercantile; third, to the industrial; and fourth, to the residential sections. The climatic conditions determine the type and affect the position of the dwellings and other buildings with respect to each other, and various other features of the city plan. Study thoroughly the streets, the transportation (of people and of goods), the factories, warehouses, markets, food supply, water supply, sanitation, housing, recreation, parks, planting, architecture, laws and finances.

COTTON GROWING ESTABLISHED INDUSTRY IN SOUTHWEST

(By United Press)

MESA, Ariz., Nov. 28.—Cotton valued at \$43,380,000 is being produced in the southwest this year, according to reliable estimates furnished by cotton experts here.

California, Arizona, and that part of the Imperial Valley lying in lower California are covered by the estimates.

The experts add that the cotton grown in the southwest is the superior of all other cotton.

The cotton industry is now firmly established in the southwest, with heavy production in the Imperial, Palo Verde, Coachella, San Joaquin and at points in the Sacramento valleys of California, in the Salt River, and Yuma valleys of Arizona and in Imperial Valley, Lower California. But experts here say the surface has only been scratched. It is estimated that California alone has thousands of acres of land still available for cotton growing. In Arizona the best cotton land already is producing.

WATCHFUL WAITING IN COAL STRIKE

FUEL ADMINISTRATOR GARFIELD IS CONSIDERING WHAT TO DO NEXT; MIDDLE WEST UP AGAINST IT

(Special Service to Glendale Evening News)

WASHINGTON, Nov. 28.—Announcement that the government's next move in the coal strike situation following the breaking up of the wage negotiations, will be delayed possibly until Tuesday, was made today. Fuel Administrator Garfield is now considering what the government's action will be. He declared that the production of basic necessities will be protected by the government; that the government will resist profiteering by either operators or miners. In the meantime the middle west is in the grip of a severe cold spell. In many places people were reported as tearing down sheds and other buildings to get wood for fuel.

LA CRESCENTA

Mr. and Mrs. Fred Brunbacker and their two small children, who have been living in Pasadena, are now in La Crescenta, and are building a new home on Honolulu avenue.

Mr. and Mrs. H. E. Bruce entertained Mr. and Mrs. H. Heverin and children of Alhambra, and Miss Faith Kennedy of Glendale, Thanksgiving Day, and all enjoyed a good turkey dinner.

Mr. and Mrs. H. M. Carpenter spent last Monday evening in Los Angeles at a surprise birthday party given in honor of their son, Bruce Carpenter, by his wife.

Dean Culberson has returned to La Crescenta after a week's stay at Redlands. This shows how fond he was of Redlands!

Mr. and Mrs. Brown and Christy Brown are back in La Crescenta.

Mrs. Harrah and Gordon Harrah spent Thanksgiving in La Crescenta.

Miss Clara E. Jones spent Thanksgiving Day in Hemet, visiting friends.

C. O. Miller has gone to Huntington Park for two days on business.

Don't forget to buy your ticket and see the next show.

The school children of La Crescenta gave a very delightful Thanksgiving entertainment last Wednesday afternoon at two o'clock.

Mrs. H. D. Johnson entertained 16 relatives and friends at Thanksgiving dinner in honor of her cousin, L. H. Flint, of Philadelphia, Pa., who is spending the winter here.

H. Reynolds has returned to his home in La Crescenta to spend the holidays.

Faust Carpenter of Los Angeles spent Thanksgiving Day visiting his parents, Mr. and Mrs. H. M. Carpenter, of Mayfield avenue.

Mr. and Mrs. E. Erhardt entertained a number of friends last week.

TUJUNGA

Simon Haverstick has sold one-half of his home acre to parties from San Pedro. The other half he keeps as a home.

We had a fine three days' wind, and though many were frightened there was no serious damage done. The tent on Hillcrest avenue owned by Mr. Bajdzinski was blown down and Mrs. Bajdzinski received a severe laceration of the scalp from the center pole. The house owned by Mr. Forrest on Michigan was moved a bit from the foundation, some window glass was broken and some paper torn from roofs. This was the worst wind we have chronicled in five years. The wind roared up the big Tujunga, as never before heard and ashes were blown in every direction. Altogether it was a freak wind and one we do not care to have again.

Mr. and Mrs. Frohart are again at their home in Blanchard Canyon for a few days.

Mr. Hubbard returned from Dakota on Monday and will remain the winter.

Miss Roberts of Ventura was the guest of Mrs. McCue for a few days this week. Miss Roberts owns a place here and hopes to build and make her home here.

Joe Forster with his mother, brother and sisters moved into their new house the last of the week, that they have just finished on Cedar St.

Mr. Fortier expects to entertain about fourteen of his friends from the city on Thanksgiving Day, providing the weatherman gives us a pleasant day. If not, he will go to the city and let his friends entertain him.

The Woman's Club held its monthly meeting on the third Thursday on account of Thanksgiving, and will hold the next one the 20th of December on account of Christmas. The meeting will be held at the home of Mrs. Hoffman on Stephens Way. It will be an all-day session, and the ladies will sew on garments for the P.-T. A. of Los Angeles. For the past three years the Club has

BACK FROM THE DEAD

TOKIO. (By Mail to the United Press).—Field Marshal Count Terauchi, who is now truly dead, created a great sensation in Japan by coming back to life after he had been officially pronounced dead and after the hearse had been ordered for the funeral.

The count made the incident of his recovery all the more remarkable by joking with members of his family, eating ice-cream and drinking wine.
